WORKING EXPERIENCES

SEP 2018 - NOW

Freelance Industrial Designer Davide Conti Design Studio

Contribute to all phases of residential and commercial projects, from initial concepts through finished designs. Sketch, 3D and renderings. Designed custom finishes and furnishings.

SEP 2018 - SEP 2017

Junior Industrial Designer Elly Studio, Romano d'Ezzelino (Italy)

Developed customized design concepts and designed various architectural elements for luxury house, including doors, chairs, columns, library, tables lamps etc.
Created illustration, 3d models and sketches.
Communicated and worked closely with clients to ensure that their requirements and needs were fully met.

MAR 2016 - SEP 2017

Industrial Design internship Astoria MC, Susegana (Italy)

Assisted in the design development of professional coffe machines components. Worked on all aspects of the design process. Development of 3D models, sketch and layout, rendering and modelling.

ABOUT ME

Creative, sensitive and empathic. I love creating and imagining. My creativity is what push me up in the fresh air.
My objective is to donate creativity, knowledge and beauty to the world we live in.
